SCHOOL DISTRICT – PRESS RELEASE

Subject: The Franklin Township School District announces the establishment of an Ad Hoc Advisory Task Force for School Athletics

The Franklin Township School District announces the establishment of an **Ad Hoc Advisory Task Force for School Athletics**. The District is looking for parents, members of the school family, and community members to advise the Board of Education and Superintendent in planning for a comprehensive framework for athletics. This framework will assist the District in developing an athletic program that provides the necessary facilities, increases participation levels, and supports the successful academic achievement of our student athletes in Franklin Township.

The charge of the Ad Hoc Advisory Task Force for Athletics is to:

- Review and map the 'Current State' of Athletics within the District from a facilities, participation and academics perspective and baseline them against similarly sized school districts within the state
- Create a plan for improving facilities, increasing participation and improving academic performance within the District
- Develop, plan and recommend solutions that would assist the Board of Education in attaining the goals and closing the gap between the current state and future state of Athletics within the District.

Persons interested in volunteering to serve on the **Ad Hoc Advisory Task Force for School Athletics** should complete and submit an application by the close of business day on October 15, 2007. Applications and additional information is available on line at

www.franklinboe.org under the Announcements. Applications and information may also be obtained by contacting Mrs. Maureen Trucke in the Superintendent's Office by calling (732) 873-2400 ext. 311.
