QUESTION No. 2

RESOLVED, that there should be raised an additional \$533,000 for General Funds in the same school year (2006-2007). These taxes will be used exclusively for operating an alternative school to provide challenging instruction and a positive learning environment to Franklin Township Middle and High School students who are not finding success in their traditional school settings. The alternative school (including transportation to and from the alternative school) will be provided by a contracting agency outside of the school district's facilities. These funds will be used to support up to twenty-five (25) students in the 2006-2007 school year meeting all New Jersey Department of Education Core Curriculum Content Standards.
